CORE VALUES

CHRIST AS CORE

First and foremost, we acknowledge that our identity as a school flows from one person, Jesus Christ. We joyfully submit ourselves to his Lordship.

ENTHUSIASTICALLY CLASSICAL

We joyfully mine the content and pedagogy of a tradition that edifies our humanity in its celebration of truth, goodness, and beauty, while equipping us to see the integration of all things under the lordship of Christ.

PARENTAL PARTNERSHIP

We believe education is a command of God to parents, who actively partner with teachers to pursue Christian discipleship of their children's heart, mind, soul, and strength.

MY LIFE FOR YOURS

We seek in every situation to empty ourselves with love for others, encouraging adults to mentor students and older students to mentor younger, with everyone learning to serve from union with Christ.

WORK FROM A PLACE OF REST

We find our value and identity in Christ, measuring success by faithfulness, thereby encouraging habits of rest for mind, body, and spirit that fit us for our best work.

RELATIONALLY REDEMPTIVE

We prioritize love for one another by pursuing peace at the source of conflict, remembering that biblical peacemaking starts with self-examination, and that relationships are redeemable through the gospel of Christ.
